- 28) **Najibi, S. M.**, Sarikhani, Y., & Omidvari, F. (2023). Explaining the Challenges of Charitable Hospitals in Fars Province and the Solutions to Address them: A Qualitative Study. *Journal of Endowment & Charity Studies*, 1(1), 129-154.

Books

1. Creativity, innovation, and entrepreneurship across cultures: theory and practices, 2021
2. Health services administration -- Study and teaching, 2020.

Presentations and Posters

- 1) The National Conference on Modeling and Simulation of Dynamic Systems. Title: "Forecasting Hospital Bed Capacity in Shiraz Based on System Dynamics" Date: July 16, 2022
- 2) the Research Seminar on Development Management and Health System Resources, organized by Babol University of Medical Sciences. Title: "Evaluation of the Pre- and Post-Outsourcing Status of Pharmacies Affiliated with Shiraz University of Medical Sciences". Date: November 28, 2017
- 3) The National Congress on Health Management with a Focus on Healthcare Reform and Health System Performance, Tabriz University of Medical Sciences. Date: November 2016
- 4) The Annual National Conference of Health Services Management Students, Ahvaz. Title: "Predicting the Impacts of Subsidy Targeting on the Health Sector"
- 5) The International Conference on Prophetic Teachings in Medicine, Shiraz University of Medical Sciences. Title: "Characteristics of a Hospital Based on Islamic Standards"

Knowledge Translation

- Production of media content in the form of a motion graphic on the topic of governance for the Good Health Governance Think Tank, Tehran
- Presentation of an innovative knowledge translation project to the Science and Technology Park of Yazd University of Medical Sciences

Research Projects

- 1) Project Proposal Submitted to NIMAD. Development of an Age-Based Cancer Screening Software for Industrial Workers Using Occupational Risk Models.

2) Grant-Funded Project: TradTrack Study: A Cohort Study on the Adverse Effects of Traditional Medicines.

3) Grant-Funded Project: Developing a Family Physician Simulation Model Using a System Dynamics Approach.

4) Technology Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Design, Implementation, and Usability Evaluation of the "Health YAR" Comprehensive Application to Enhance Women's Fertility Chances Based on Persian Medicine Teachings.

5) Technology Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Designing an Application for Dietary Recommendations, Prohibitions, and Regimens in Common Diseases from the Perspective of Persian Traditional Medicine.

6) Research Project Approved by the Iran Health Insurance Research Center: Developing a Model for Insurance Coverage of Home Care Services in the Iran Health Insurance Organization.

7) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Integration of Traditional, Complementary, and Integrative Medicine into Primary Care in Iran: A Systematic Review of Models from Different Countries and Localization Implications for the Iranian Health System.

8) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Impact of an Introductory Course on Persian and Complementary Medicine on Nursing Students' Knowledge and Attitudes towards Traditional and Complementary Medicine at Shiraz University of Medical Sciences.

9) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Impact of an Introductory Course on Persian and Complementary Medicine on Nursing Students' Knowledge and Attitudes towards Traditional and Complementary Medicine at Shiraz University of Medical Sciences.

10) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Prevalence of Traditional and Complementary Medicine Use among Pregnant Women in Iran: A Systematic Review.

11) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Use of Complementary and Alternative Medicine and Its Relationship with Quality of Life in the Elderly Residing in Shiraz in 2024.

12) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Prevalence of Complementary and Alternative Medicine Use in Diabetic Patients in Iran: A Systematic Review Study.

13) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Adverse Effects of Chamomile in Human Studies: A Systematic Review Based on PRISMA.

14) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Prioritizing Barriers and Facilitators to the Use of Traditional and Complementary Medicine Services Using the Delphi Method and Analytical Hierarchy Process.

15) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Presenting a System Dynamics Model for Hospital Waste Management.

16) Research Project Approved by Ilam University of Medical Sciences: Identifying and Prioritizing Barriers and Facilitators Related to the Retention of General Practitioners Active in the Family Physician Program at Ilam University of Medical Sciences in 2024.

17) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Determining the Barriers and Facilitators to the Use of Traditional and Complementary Medicine.

18) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Explaining the Experiences of Patients with Gastrointestinal Disorders in Using

Traditional and Complementary Medicine at Traditional Medicine Service Centers in Shiraz: A Qualitative Study.

19) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Identifying and Prioritizing the Skills and Competencies Required for Health Services Management Graduates in the Health System.

20) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: The Relationship between Health Literacy and Belief in Rumors about the COVID-19 Vaccine among the Iranian Adult Population.

21) Research Project Approved by the Vice-Chancellor for Research, Jahrom University of Medical Sciences: Explaining the Challenges Faced by Charity Hospitals in Fars Province and Strategies to Address Them: A Qualitative Study.

22) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Facilitating and Inhibiting Factors of Social Participation of the Elderly in Health-Oriented Activities in Shiraz.

23) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating and Ranking Iranian Provinces Based on Health Service Delivery Infrastructures Before and After the Implementation of the Health Transformation Plan.

24) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Evaluating the Efficiency and Prioritization of Schools at Shiraz University of Medical Sciences Using an Integrated Approach of Data Envelopment Analysis and Goal Programming.

25) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Proposing an Optimal Policy for Bed Distribution in Governmental Hospitals of Fars Province Using a System Dynamics Approach.

26) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Financial Burden of Inappropriate Admissions in the Internal Intensive Care Units of Shahid Faghihi and Namazi Hospitals in Shiraz.

27) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Problems between Basic Insurance Organizations and Teaching Hospitals of Shiraz University of Medical Sciences and Providing Solutions, 2012.

28) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Assessing the Economic Awareness Level of Executive and Financial Managers of Private and Teaching Hospitals in Shiraz in 2012.

29) Research Project Approved by the Vice-Chancellor for Development and the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Comparing the Pre- and Post-Outsourcing Status of Therapeutic Units of Shiraz University of Medical Sciences during 2010-2012.

30) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Adverse Effects of Ashwagandha (*Withania somnifera*) in Human Studies: A Systematic Review Study.

31) Research Project Approved by the Vice-Chancellor for Research, Shiraz University of Medical Sciences: Investigating the Adverse Effects of Shirazi Thyme (*Zataria multiflora*) in Human Studies: A Systematic Review Based on PRISMA.

Thesis Advisory:

- Thesis Advisor for a medical student at Jahrom University of Medical Sciences, titled "Modeling Barriers to the Provision and Utilization of Maternal Health Services in Iran Based on a System Dynamics Approach."

- Thesis Advisor for a medical student at Jahrom University of Medical Sciences, titled "Modeling Barriers to the Provision and Utilization of Mental Health Services in Iran Based on a System Dynamics Approach."

- Thesis Advisor for a medical student at Shiraz University of Medical Sciences, titled "Investigating the Relationship between Dietary Habits and Sleep Disorders in Medical Students at Shiraz University of Medical Sciences in 2024."
